MANAGEMENT

“Talk Green Future” is managed and organized by the For Green Future Foundation under Vingroup JSC. Established on 7th July 2023, the foundation's mission is to support the Vietnamese government's goal of achieving zero emissions by 2050, promote sustainable practices in society, and raise community awareness about taking action today for a greener tomorrow.

QUỸ VÌ TƯƠNG LAI XANH

ADVISORY BOARD

The Advisory Board aids in formulating standardized regulations, competition format, and the criteria for marking and awards throughout the competition. The Advisory Board comprises esteemed leaders and experts in the fields of education, sustainable development, engineering, and socioeconomics.

TECHNICAL BOARD

The Technical Board is an independent entity comprised of distinguished professionals, globally renowned for their accomplishments and contributions to the fields of environment, sustainable development, education, and debate. The Technical Board is bifurcated into two distinct working groups: Content and Debate.

Content Technical Board comprised of renowned experts for their contributions to education and environment. This board aids by providing industry insights to participants through webinar sessions (lasting a minimum of 60 minutes per session). Additionally, its members serve as advisors for participants during the Face-off Round and Play-off Round.

Debate Technical Board comprised of reputable experts recognized for their achievements in debate and public speaking. This board assists competing individuals/teams in refining their debating abilities by conducting virtual webinars, each lasting 60 minutes.

JURY BOARD

The Jury Board operates as an independent working group responsible for evaluating and grading participants based on the established marking criteria at each competition stage. Different panels of judges will be set up by the Organizing Committee for every round.

Throughout the competition, the judges for each round may seek consultation from the Technical Board before confirming the results.
